REDUCED CHARGE

Against Alonzo Williams For Cutting
and Wounding With Intent to Kill
to Breach of the Peace.

In Police Court yesterday afternoon Alonzo Williams, colored, charged with cutting and wounding with intent to kill, was tried but after hearing the evidence in the case, Judge Whitaker reduced the charge to breach of the peace and fined him \$20 and costs.

Williams went to the home of a Mrs. Valentine, colored, and was ordered out for loud talking. He returned in about an hour and becoming angry at Alletta Kennedy, cut her with a knife. She, in order to defend herself, struck him across the head with a heavy poker.

Williams on the witness stand said

that he was too drunk at the time to know what he was doing. He said that Mrs. Valentine had furnished the whiskey for the party, all present paying her 25 cents for the booze. A warrant was then issued for the woman and she was tried for selling liquor in local option territory. On trial she was freed however as Judge Whitaker said that the evidence in the case was not enough to convict her.

Charles Chambers was tried last evening for pointing a deadly weapon at another. Officer Fizer attempted to arrest him on Saturday night when he drew a revolver from his pocket and threatened the officer. Mr. Fizer took the gun away from him and lodged him in jail. He was fined \$50 and costs.

GUARD DUTY

A great deal of the work which our military forces will be called on to do will seem pretty tedious. The soldier will often wonder what he is there for anyway. As he marches up and down a railroad bridge hour after hour and day after day, with not a thing to arouse his suspicion or to attract his attention, it will seem like a foolish waste of time and money.

There will be a tendency in the dark hours of lonesome nights to take a bit or a rest ending in a snooze. That will be just the time when a plotting foe will come along with his package of dynamite. The watching of vital public works like bridges is, however, a real task and it will call for vigilance, particularly after the novelty has worn off. There have been enough attempts to blow up these structures already to suggest that alien enemies have their eyes on them.

For making itself effective in the great war in which it has entered, the United States needs command of all its resources. Its communications need to be prompt and complete. The destruction of a few bridges on important railroad lines or the blowing up of terminals could produce a great amount of confusion and delay. Temporary structures would have to be used and the handling of traffic would be held up. Schedules would be thrown into confusion, and the movement of supplies and troops hampered.

So whenever a soldier is placed on guard duty during this war period, he should look at his job as a real one, one calling for vigilance, and one on which the country is depending. He can never know in what hour the bomb fiend may turn up. If he ever does turn up, it would be at the hour when he was least expected and when his coming would seem most unlikely. One thing is sure, that if these public works were not carefully guarded, a lot of them would fall a mark to the active colony of bomb plotters whose plans for such attacks are no doubt already well laid.

One of the strangest of the economies to which U-bout activities have given rise is the reported decision of England, who has to import meat to feed France and Italy as well as herself, only to accept it when boneless. That way she expects to save the space of 250,000 tons a year, and as much more by careful packing.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

HOUSE FAVORS ROOSEVELT GOING

Washington, May 12.—By a vote of 215 to 178, the House today, after a stormy debate, voted to instruct its conferees on the army bill to restore the Senate amendment to permit Colonel Roosevelt to lead a division to France.

The House vote had a double significance, indicating that the hard fought conferees on the army bill to restore the Senate amendment to permit Colonel Roosevelt to lead a division to France.

In view of the fact that it carried by a heavy majority, including Democrats, in the Senate, there seemed no doubt that it would become part of the new law, providing the great army.

It is by no means certain, however, that Colonel Roosevelt will lead his division to France under his terms, because the amendment does not direct the President to accept the di-

vision; it merely authorizes him to do so. All the weight of the President's expert advice is against it.

NO PRESS GAG

Washington, May 12.—The newspaper censorship provisions were stricken entirely from the administration espionage bill today in the Senate by a vote of 39 to 38 on motion of Senator Johnson, of California. After the censorship clause had been stricken from the bill, Senator Kirby (Democrat), of Arkansas, introduced an amendment providing for a definite and specific press censorship under the supervision of the secretaries of war and navy, and that was defeated 65 to 5.

Charleston, S. C., May 13.—Major General Leonard Wood, arrived here today to take command of the southeastern department of the army, comprising the South Atlantic and gulf states.

BRITISH GENERAL WOUNDED SEVEN TIMES DURING WAR

London, April 30.—Brigadier General A. Carton de Wiart, of the British army, is reported wounded for the seventh time during the present war.

He is a Belgian by birth, and a cousin of the Belgian Minister of Justice. Shortly before the outbreak of war he lost the sight of one eye while serving with the British Camel Corps in Somaliland. He lost an arm during the battle of Ypres, and was again wounded three months later in an engagement for which he was awarded the Victoria Cross. He served in the Boer War as a trooper, gaining his commission after being twice wounded.

A man's chief fault is in having so many small ones.

A FORWARD MOVE

The progressive spirit of our Maysville merchants is making inroads on obstacles which stand in the way of improving the appearance of our main business street.

For a long time the cumbersome and ugly iron awnings have detracted from the appearance of what visitors declare is otherwise one of the most metropolitan business streets for a city of our population in the country. These iron frames abutting over the sidewalks have obstructed the view of the business houses and are most unsightly.

But always improving, always moving forward in the right direction, our merchants are gradually replacing these antique relics with modern folding awnings which not only do not obstruct the view and detract from the appearance of our Second street, but in addition to giving more efficient service lend much to the appearance of the store and the street.

These men are to be congratulated for their desire for improvement. The spirit of the proprietor is a good indication of the quality of his goods and service.

NOTES OF SPORTS

Cincinnati, Ohio, May 12.—The statement of President Johnson of the American League that there would not be any baseball in the league in 1918 if the war continues, caused considerable discussion among the Cincinnati fans. Opinion differed as to closing the gate on professional baseball. While many fans said that Johnson had the right view, others held that cutting off sport during times of war do more harm than good; that the public generally should have amusements.

Detroit, May 12.—Thirteen members of the Detroit Americans are eligible for army service if the government decides to call single men between 21 and 40 years of age. They are Burns, Bush, Dyer, Ellison, Heilmann, Nicholson, Yelle, James, Mitchell, Ehmk, Couch and Cunningham.

If the age limit is fixed at 27 James, Mitchell and Bush will be exempt.

Hughie Jennings, manager of the club, declares the players are ready to answer the call to the colors.

"They are patriotic and will make good soldiers," he added.

Kansas City, Mo., May 8.—Each time Roy Sanders gave a base on balls during the two games he pitched recently for the Cincinnati Reds, George Tebeau, owner of the Kansas City team of the American Association, lost \$468.75. Those are the figures a statistical fan here has compiled since Sanders was turned back to Tebeau's team.

The basis of the fan's calculations were that Sanders had been sold to the Reds for \$7,500, but he allowed sixteen walks in the two games and then was sent back. Just what final disposition will be made of Sanders has not been determined by Manager Gangel of the Blues.

New York, May 13.—The four no-hit games hurled by major league pitchers during the first month of the 1917 season have established a new record in this department of professional baseball and created an unusual amount of interest among close followers of the game. The records show that April 14 Cleotie, of the St. Louis Americans, shut out the St. Louis Browns without a hit. April 24 Mordridge, of the New York Americans, performed a similar feat against the Boston Red Sox.

Toney, of the Cincinnati Nationals, added his name to the list at the expense of the Chicago Cubs May 2. Sunday, May 6, Bob Groom, of the St. Louis Americans, held the Chicago White Sox hitless for a full nine innings. In addition Vaughn, of the Chicago Nationals, pitched hitless ball for nine innings against Cincinnati and Toney May 2, when not until the tenth period that Kopf broke the big Cub twirler's string with singles.

The major league annals for the past seventeen years show that the great number of no-hit games pitched in any one season was in 1908, when there were four in the American and two in the National League. In 1900, 1905 and 1916 four such feats were recorded. With virtually five months of schedule play ahead it would appear as though the 1917 corps of

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proved to be as representative. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now suppose you had a bad back. A lame, weak, or aching one. Would you experiment on it? You will read of many so-called cures. Endorsed by strangers from far-away places. It's different when the endorsement comes from home. Easy to prove local testimony. Read this Maysville case: Ben. P. Fleming, constable of Mason Co., 217 E. Lee St., Maysville, says: "I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times, my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Mr. Fleming is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Fleming had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

twirlers had an unusual opportunity to establish new figures in this direction since three more no-hit games will surpass the total made in 1908. Various reasons have been advanced for the present number of these remarkable pitching games, including lack of hitting due to cold weather; low visibility owing to the gray days of the past few weeks and extraordinary condition and control on the part of the hurlers. None appears to exactly fit, since heavy hitting, large scoring games have not been infrequent this spring.

ARE WOMEN NATURALLY DESPONDENT?

While there are women who seem always despondent and depressed and expecting misfortune, that is not woman's natural condition. Such unfortunate suffer from ill-health. An abnormal condition of the system expresses itself in nervousness, sleep-despondency. If all ailing women would make faithful use of that grand remedy for woman's ills, Lydia E. Pinkham's Vegetable Compound, there would be little occasion to ask if despondency is natural to woman.

FLOODS TAKE GREATER TOLL THAN REVOLUTION

Odesa, Russia, May 10.—Floods in Southern Russia have claimed more victims than the revolution. They followed the heavy snowfall that canopied this part of the country soon after the recent revolution. The floods interrupted railway traffic, especially between here and the new Russian capital at Jersey and some houses were swept from their foundations and a number of persons were drowned. The rising waters caused more excitement in these parts than the revolution.

BELGIAN MEN, FROM 15 TO 65, DEPORTED FOR LABOR

Harve, France, May 13.—Information has been officially received by the Belgian government here to the effect that all males between the ages of 15 and 65 years in the Belgian province of Luxembourg have been deported for work in France and Germany in the environs of the frontier. The instructions say that the burghomaster, mayor and notary in each community may obtain there.

30,000,000 JOIN MOVE TO RAISE GARDENS IN U. S.

Washington, May 13.—Two months of campaigning for a million gardens in the United States are estimated to have turned the attention of more than 30,000,000 people to the task of producing food.

"The people not only are endeavoring to produce food for themselves," said Charles Lathrop Paek, president of the emergency garden commission, today, "but they are learning the value of land as never before."

Mr. Paek said hundreds of organizations were co-operating with the commission, including the General Federation of Women's Clubs, the Christian Endeavor Society, the Rotary Club of America, the Garden Club of America, suffrage associations, bankers, insurance companies, and educational institutions.

GERMAN FOOD CHIEF ANXIOUS TO RESIGN

Amsterdam, May 12.—Via London 10:53 a. m.—Adolph von Batocki, president of the food regulation board in Germany, has asked permission to resign, according to a Berlin telegram, owing to severe criticism by members of the Reichstag of his administration of the food supply.

"While permission to retire has been temporarily withheld, the message adds, it is expected his resignation will be shortly announced, constituting a severe setback for the conservative party leaders."

Fords Delivered During April

Some folks have gotten the impression that Ford cars are scarce and hard to get. This impression is erroneous. I will get all the Ford cars I contracted for unless unforeseen circumstances prevent. However, in order to secure a Ford it is necessary to file your order and wait your turn, and orders filed now should be delivered within a few weeks. Don't let other dealers mislead you by saying you can't get a Ford. You can. But you must file your order and do so at once. "DO IT NOW."

WAKE UP, BOYS AND GIRLS

Only Three Days Remain in Which to Enter and Win the Beautiful Circus Shetland Pony—A Wonderful Opportunity Exists in Which to Win a Wonderful Prize in a Short Time.

The boys and girls in the Elks' circus shetland pony contest should awaken to the fact that but three days remain in which to secure votes for the pony. The race is slow but very close so far—so close, in fact, that a dozen tickets would place any candidate in first position for the pony.

When it is considered that the beautiful little shetland can be won in three days' time not a moment should be lost by the candidates who are awake to a real opportunity of making about a hundred dollars before Thursday night.

There is still plenty of time and plenty of room for more boys and girls, especially for the "live" kind—those who appreciate what a real opportunity exists in this liberal contest. Understand that every candidate will receive either a cash prize equal to ten per cent of the tickets they sell or the pony. If you have not as yet entered your name, simply send it or bring it to the Elks' Club on Court street today and get busy.

This is the way the candidates entered stand this morning. Look over the list; see for yourself what a little effort can do for you. Every one will want to see the circus—never in the history of Maysville has such a gigantic home talent and professional show been produced and tickets are easy to sell.
